The MEd in Teaching and Learning is a part-time programme aimed at teachers, lecturers, trainers and education professionals who wish to enhance their knowledge and repertoire of teaching methodologies. Participants will critique contemporary teaching methods and education systems and gain a deeper understanding of the challenges and opportunities facing educators, trainers and students in different educational contexts. This scholar-practitioner approach will inform and enhance participants’ practice and their ability to create effective student-centred learning environments.
MEd in Teaching and Learning

Programme Outline
The MEd in Teaching and Learning is a part-time, flexible programme, delivered in blended mode, and designed to enable participants to complete the programme at their own pace of study.

<td></td>
<td>Using Group Work in Teaching</td>
</tr>
<tr>
<td></td>
<td>Language Power and Societies</td>
</tr>
</tbody>
</table>

Please Note: Participants may choose to graduate with a Postgraduate Diploma in Education in Teaching and Learning (60 credits).

Programme Delivery
The MEd in Teaching and Learning is delivered in part-time mode using a blended mode of delivery that includes class-based workshops, generally Saturdays and in blocks throughout the year, and on-line work using Moodle.

Unique Aspects of the Programme
Our experienced lecturing team develop participants’ professional skills and competence as teachers, lecturers, trainers and education professionals whilst valuing the wealth of knowledge and experience that they, as adult learners, bring to the classroom. Participants can apply their learning directly to enhance their practice and can share their experience in a supportive and collaborative learning environment.

Progression Opportunities
On successful completion of the MEd in Teaching and Learning, graduates may progress to doctoral studies (NFQ Level 10) at WIT or another Higher Education Institution subject to meeting the specific entry criteria.

Graduate Testimonial
“The collaborative learning environment, emphasis on critical engagement, and reflective practice equipped me in my career as a lecturer in Higher Education. I experienced a learning environment that was engaging and innovative, with lecturers that were both passionate and rigorous. Doing the Masters in Teaching and Learning at WIT informed my practice, leading me to adopt new approaches to the courses I teach, while also providing me with the space to reflect on the type of lecturer I wished to be.”

Rebecca Purcell, PhD, Lecturer in Business, Mary Immaculate College.

Entry Requirements
Applicants are required to have:
- An Honours Degree (Level 8) or equivalent
- Access to an educational and/or training environment, where research may be carried out
- Applicants whose first language is not English must submit evidence of competency in English, please see WIT’s English Language Requirements for details.

Fees
For current information on fees, please visit our website at www.wit.ie/pgfees
